

Mr. Woodard,

April 19, 2001

Thank you for your letters, and for "Ave Atque Vale." It is difficult to find time these days to respond to all who write, but your recent mailing calls out for a response.

With your recent interview in Pitch, you become the first person I've ~~heard~~ heard of (or from) that has figured me out. With your reflections on "collateral damage", I breathe a huge sigh of relief - maybe there is hope yet for this species! (I would suggest you apply the same "collateral damage" insights to analysis of my motivations re: televised execution...)

Aware of the difficulty you are having gaining access to prison property, allow me to offer ~~two~~ 3 contingencies:

1.) Directly across (from prison property) Hwy. 63 (2-lane) are residential lots, many being rented out by the property owners to media; as parking; for food and other sales; etc. Find an owner willing to let you (33) stand on his front lawn; or,

2.) Indiana State University of Terre Haute operates an amateur radio station, WISU 89.7 FM, Sunday thru Tuesday, until 2 AM (Wed. AM). Execution is scheduled for 7 AM - approach them for 2 AM slot, or for extended broadcasting possibility (FCC?). Good Luck, Tim

Underground Air
with Solar
and Baker

3.) Contact Father Ron
Ashmore (of St. Margaret
Mary Church, 2405 So. 7th St.
Terre Haute) re: public property
demonstration sites, which may
fit the bill. Media will
be all over the place; if
they broadcast your performance
by 6AM, I'll see (and hear)
it - (I'll have a TV.)
