ORDERING A PREQUIEM

Musical preference. Los Angeles Chamber Group in Deutschland is dedicated to composing and rendering pre-funeral music specifically suited to its subject. Compile, or have compiled for you, a shortlist of musical selections and/or styles that have moved you during your life, or that you imagine would move you during your closing moments.

Text. If there is a poem or other special text dear to your heart, and you wish us to incorporate this as a vocal passage, be sure to indicate the words. Otherwise, your Prequiem will be instrumental.

Order early. It is imperative that you submit your request and materials, or place your telephone order, at your earliest convenience once you have determined that your passing deserves a Prequiem. Your foresight provides us the time necessary to ensure that your Prequiem is a perfect fit. Even physically robust, healthy young adults and teenagers are encouraged to participate, as nothing is more reassuring in life, nor worthier of celebration, than ample foreknowledge that your Prequiem is ready and waiting for you. It is an honor for us to honor your passing.

WHAT IS A PREQUIEM?

A Prequiem is a music composition, orchestral if not otherwise indicated by client, intended to ease one's passage through the death process. In a word, it is a requiem to be experienced by its subject in the company of loved ones during his or her final moments, a welcoming sonic embrace into Heaven. Los Angeles Chamber Group in Deutschland is a leading authority on end-of-life decorum. Consider the following:

1. Your Prequiem may be instrumental, a setting of a treasured text, or a song or motet incorporating the same.
2. Ideally you should order your Prequiem at least one month prior to your anticipated death. Though it is possible for us to compose and render a satisfactory Prequiem within a narrower timeframe, it is better for your peace of mind to know that we are well prepared for your undetermined hour: celebrate life now.
3. When ordering a Prequiem, please advise next of kin. Advise us of medical contact information and, if determined, preference of undertaker.

STYLE & AESTHETIC

You may indicate stylistic and aesthetic preferences by completing the *Optional Details* section of your Prequiem application, or by simply discussing the matter with one of our agents.

HOW OUR SERVICE WORKS

Once you have successfully remitted your application, or placed a toll-free telephone order, written notification will be issued to you within six days, advising how to ensure that the Prequiem is rendered by Los Angeles Chamber Group in Deutschland during your closing moments, by your side. It is suggested that you retain the promissory statement, making others aware of it, so that we may best preempt the tepid hand of Lady Fortuna.

Phone a toll-free agent for assistance. Every order is very special to us.

If you reside or anticipate expiring outside the Republic of Germany, we may still be able to accommodate you in your Prequiem needs. Contact our Music Director by post to determine the

feasibility of a special arrangement.

END-OF-LIFE TIPS
